As a Fitzroy IT front-end developer, you'll be responsible for building, contributing to and maintaining digital platforms for a diverse range of clients. Your role will involve developing responsive websites, rolling out interactive front-end prototypes, managing updates & providing development solutions for unique problems.

Our ideal candidate

We are looking for someone who:

- Is able to create innovative and interactive front-end websites with an existing folio of amazing work
- Has experience with Liquid and GraphQL

  - SiteGlide Experience is a bonus!
- Has experience with a variety of CMSs such as Shopify, Wordpress, Drupal and SiteGlide
- Has experience writing pure JavaScript, and working with jQuery
- Has strong skills in responsive web development
- Is strong with HTML and CSS skills and the ability to create complex layouts
- Is across the latest trends in UI/UX
- Has a solid understanding of Bitbucket and Git
- Has a working knowledge of Adobe Photoshop and Adobe Experience Design (XD)
- Has experience with email marketing platforms such as MailChimp, Mandrill and/or Campaign Monitor
- Has experience with CRM platforms such as Active Campaign
- Has excellent communication and collaboration skills and can work through solutions with a multidisciplinary internal team and, where required, with clients directly.
- Has effective time management and technical documentation skills
- Has experience with and solid understanding of SEO requirements
- Has a relevant Bachelor Degree qualification + 2 years of relevant experience

Bonus skills:

- Experience with AWS and cPanel hosting
- Understanding of accessibility standards WCAG 2.0
- Knowledge of CSS and JavaScript animation libraries and techniques

- Experience with PHP, MySQL and a PHP framework such as Laravel

The kind of person you are:

- Passionate about web development trends and the industry in general
- Enthusiastic
- Keen to learn new skills as the need arises
- Positive and detail-driven
- Reliable
- Work proud
- Used to working to deadline with multiple projects on the go at once

This is a full-time role with an expected salary range between $60,000 - $80,000 dependent on the successful candidates' skillset and experience
